Dear Hebert:

I would like to commend your company on the excellent work performed for Shell Western E & P Inc. (SWEPI) Construction during the past two years at our Rosita field in Duval County Texas. We Truly appreciate the way your firm has responded to demands and your ability to complete projects timely and without the use of sub contractors. Most importantly your firms ability to complete projects accident free. This exemplifies the callper of your leadership and dedication to safety, quality, and excellence.

Although the message have been communicated many times by our field construction inspectors, our appreciation of your firms safety performance, I personally would like to thank you and your employees for working the past two years with out a recordable accident. This is a very out standing accomplishment, one that we all continually look forward to achieving. A record such as this can only be achieve through total commitment from each person in your firm, from yourself down through the roustabouts. Again please past on to your employees my sincere thanks for their performance during the past two years and to continue their dedication to safety. Your firm is the type of contractor Shell will need working in our operation to achieve our goal of "An Accident Free Work Environment".

Sincerely,
